Amalfi Coast

Naples-Capri-Capri-Amalfi-
Pompeii-Ischia-Naples-Sorrento

Experience the wonders of Italy's Amalfi Coast on a seven-day luxury yacht charter. One week is all it takes to be utterly seduced by this stunning stretch of coastline.

Day 1

- Naples

Overlooking the beautiful Bay of Naples and Mount Vesuvius, Capri was once the home of the Roman Emperor Tiberius. Here you will find a wide variety of cafes and restaurants to dine at, such as Palazzo Petrucci, which will offer you a sophisticated dining experience overlooking the coast. If time permits us, you will have enough time to explore the grand and luxurious halls of Naples' Royal Palace for an insight into the culture and tradition you'll discover over the next few days.

Day 2

- Capri

A charming walking and shopping area is located just around the corner from the Grande Marina. However, the historic central town of Capri is the place to be. You can take this opportunity to visit the tiny boutiques, refresh at one of the many outdoor cafes and explore the elegant palazzo of Villa Lysis, or make a day of Villa San Michele and explore their vibrant gardens after visiting the ancient roman museum. Capri claims to be home to the 'true lemon' bursting with flavour and possessing a delicate tartness unparalleled by any others in Italy. A fantastic way to end your day is to dine under a bed of lemon trees at Da Paolino. You can expect a supreme dining experience and homemade limoncello to take back as souvenirs.

Day 3

- Capri

Enjoy another day exploring the stunning coast line along the Island of Capri. Take the opportunity to visit The Blue Cave in Grotta Azzurra, once a roman swimming hole, known for its vibrant and natural blue illumination.

Day 4

- Amalfi

Lying at the mouth of a deep gorge and surrounded by spectacular scenery, the town of Amalfi is a stunning sight to behold and a premium cruising destination for some of the world's high rollers. Marvel at the spectacular coastal views from the hillside village of Ravello, where you can explore gorgeous public gardens such as Villa Cimbrone and Villa Rufolo. Saunter down the winding streets to witness the traditional Moorish-style houses and courtyard gardens that face the sea and take in views of the Sirenusas - a little archipelago named after the mythical sirens that once were reported to live there. For supper, we recommend reserving a table at Palazzo Avino for a decadent meal overlooking the sunset.

Day 5

- Pompeii

You will return close to the cruising ground of Naples. However, on this day, you will explore the ancient city of Pompeii, where you will venture into the city frozen in time and learn of the events that lead to the town becoming the way it is. Later in the day, you can trek Mount Vesuvius for a breathtaking view of the area, where you can see the waters you have cruised the previous day. If you have time, you can also check out the underwater city of Baiae for a completely inverse lost paradise expedition.

Day 6

- Ischia

Sail to Ischia, a volcanic spa island with numerous sulfur springs and therapeutic bathing areas. You will find plenty of lounging spots on the beach of this volcanic island that are host to many buzzy bars and restaurants where you can make a pit stop for one last limoncello. Myriad taxis in Ischia can tour the island if you want to stop by some galleries or markets for some last-minute souvenir shopping. They could even take you to Negombo Thermal Gardens, home to awe-inspiring nature walks and mineral-rich waters, which are said to have healing powers.

Day 7

- Naples

When you finally disembark from Naples, you'll have time to hit all the tourist hotspots you may have missed your first time. There is so much to see and do in the city; you and your guests will want to stay in one of their luxury hotels before you return home.

Day 8

- Sorrento

The town of Sorrento is famed for its rugged landscapes, sweeping scenery, and rustic buildings. Take the time to walk the central promenade and stop for a leisurely breakfast at local cafes before walking up the steps along the seafront and strolling through the town's immaculate gardens and winding streets. The locals in the area are welcoming and inviting; you will be sure to meet many wonderful people on your trip here who can point you to the best attractions off the beaten path or to the best family-run restaurants where you and your guests can dine on authentic Italian dishes.
